IBM Haifa Research Lab (HRL) cordially invites you to a full-day seminar on GNU/Linux Free Software and Open Source, to be held on Thursday, January 9th, 2003.

The seminar will take place at the HRL site on the Haifa University campus, in the Auditorium (room L100), from 9:30 to 17:15. Lunch and light refreshments will be served. Participation is free. The official language of the workshop is English.

Due to limited space in the auditorium the registration is now closed. Note that a similar event is taking place on January 8, 2003 in Tel Aviv University, at the Smolarsh Auditorium. For further information please refer to the link below:
